EDUCATION

Pune Institute of Computer Technology (PICT), Pune, Maharashtra
Bachelor of Engineering in Computer Engineering *2027*
CGPA: 9.69

PROFESSIONAL SUMMARY

Java developer with a solid background in object-oriented programming, data structures, and algorithms, demonstrated by solving over 250 problems on LeetCode and achieving a contest rating of 1350. Experienced in building reliable and modular backend systems using Spring Boot, with hands-on use of relational databases like MySQL and PostgreSQL. Adaptable and analytical, with a strong ability to work in team settings and communicate effectively. Multilingual: fluent in English, Hindi, Marathi, and currently learning Tamil. Outside academics, interested in sketching, competitive gaming, sports, and exploring new ideas—pursuits that support creativity and attention to detail.

TECHNICAL SKILLS

- **Languages:** C++, Java, Python
- **Frameworks & Libraries:** Spring Boot, Spring Framework, Hibernate (JPA), Lombok, JUnit
- **Web Technologies:** RESTful APIs, XML
- **Build Tools:** Maven
- **Tools:** Git, GitHub, Postman
- **IDEs:** IntelliJ IDEA, Eclipse, VS Code
- **Design & Prototyping:** AutoCAD

PROJECTS

Expense Tracker Application *July 2025 – Present*
Spring Boot, Java, MySQL

- Built a RESTful app to manage expenses across 5+ categories per authenticated user.
- Designed 10+ API endpoints with validation, error handling, and JWT security.
- Used MySQL to store 1,000+ records with filters for summaries and charts.
- Followed MVC and modular architecture for clean separation of concerns.
- Reduced average API response time by 30% using indexed queries.

Dynamic Ridesharing Management System *July 2025 – Present*
Java, MySQL, System Design, OOP

- Developed backend schema for 5+ entities including Users, Vehicles, and Rides.
- Applied 10+ foreign key constraints to enforce relational data integrity.
- Created 15+ Java classes using OOP and patterns like DAO and Singleton.
- Simulated 50+ ride request flows to test matching and conflict logic.
- Designed for scalability with future support for tracking and payments.

ACHIEVEMENTS

- Solved 250+ DSA problems on LeetCode; Contest Rating: 1350
- JEE Mains 2023: Secured 97.8 percentile
- MHT-CET 2023: 99.58 percentile (All India Rank: 954)
- Qualified JEE Advanced 2023
- Represented PICT in Volleyball; won 4 out of 12 inter-college tournaments at the Pune district level in 2024
- Played for Akola District Under-14 Cricket Team; demonstrated early teamwork and athletic discipline
- Managed annual sports fest **Elevate 2024** as part of the core organizing committee
